IEP WRITING TRAINING:

Present Education Levels &
Measurable Annual Goals

**Act 48
Available**

About:

This training will review how to develop the sections of the IEP with a specific focus on the Present Levels of Academic Achievement and Functional Performance. The alignment between specific students needs, present education levels, measurable annual goals, specially designed instruction or related services will be examined. Participants will be engaged in developing well-written measurable annual goals that include the necessary criteria and reflect a direct linked to specific skill areas.
