MEDICAL ASSISTANCE PROGRAM BILLING NOTICE

(Applicable only to parents who have consented to the release of billing information to Medical Assistance programs)

I understand that the school may charge the School-Based Access Program ("SBAP")—or any program that replaces or supplements the SBAP—the cost of certain special education and related services described in my child's IEP. To make these charges to the SBAP, the school will release to the administrator of that program the name, age, and address of my child, verification of Medicaid eligibility for my child, a copy of my child's IEP, a description of the services provided and the times and dates during which such services were provided to my child, and the identity of the provider of such services. *I understand that such information will not be disclosed, and such charges will not be made, unless I consent to the disclosure.* I acknowledge that I have provided written consent to disclose such information.

I understand that my consent is ongoing from year-to-year unless and until I withdraw it. I can withdraw my consent in writing, or orally if I am unable to write, at any time. My refusal to consent or my withdrawal of consent will not relieve the school of the obligation to provide, at no cost to me or my family, any service or program to which my child is entitled under the Individuals with Disabilities Education Act ("IDEA") or that is necessary to enable my child to receive a free appropriate public education as described in my child's IEP.

I understand that the school cannot—

Require me or my family to sign up for or enroll in any public benefits or insurance program, such as Medicaid, as a condition of receiving a free appropriate public education for my child;

Require me or my family to incur any expense for the provision of a free appropriate public education to my child, including co-payments and deductibles, unless it agrees to pay such expenses on my or my family's behalf;

Cause a decrease in available lifetime coverage or any other insured benefit;

Cause me or my family to pay for services that would otherwise be covered by a public benefits or insurance program and that are required for my child outside the time that he or she is in school;

Risk the loss of eligibility for home and community-based waivers, based on aggregate health-related expenditures.

2. Does the student have significant cognitive disabilities? Pennsylvania defines significant cognitive disabilities as pervasive and global in nature, affecting student learning in all academic content areas, as well as adaptive behaviors and functional skills across life domains.
3. Does the student require intensive, direct, and repeated instruction in order to learn and generalize academic, functional, and adaptive behavior skills across multiple settings?
4. Does the student require extensive adaptations and support in order to perform and/or participate meaningfully and productively in the everyday life activities of integrated school, home, community, and work environments?
5. Does the student require substantial modifications to the general education curriculum?

VII. EDUCATIONAL PLACEMENT

A. QUESTIONS FOR IEP TEAM - The following questions must be reviewed and discussed by the IEP team prior to providing the explanations regarding participation with students without disabilities.

It is the responsibility of each public agency to ensure that, to the maximum extent appropriate, students with disabilities, including those in public or private institutions or other care facilities, are educated with students who are not disabled. Special classes, separate schooling or other removal of students with disabilities from the general educational environment occurs only when the nature or severity of the disability is such that education in general education classes, **EVEN WITH** the use of supplementary aids and services, cannot be achieved satisfactorily.

- What supplementary aids and services were considered? What supplementary aids and services were rejected? Explain why the supplementary aids and services will or will not enable the student to make progress on the goals and objectives (if applicable) in this IEP in the general education class.
- What benefits are provided in the general education class with supplementary aids and services versus the benefits provided in the special education class?
- What potentially beneficial effects and/or harmful effects might be expected on the student with disabilities or the other students in the class, even with supplementary aids and services?
- To what extent, if any, will the student participate with nondisabled peers in extracurricular activities or other nonacademic activities?

Explanation of the extent, if any, to which the student will not participate with students without disabilities in the regular education class:

VIII. PENNDATA REPORTING: Educational Environment (Complete either Section A or B; Select only one Educational Environment)

To calculate the percentage of time inside the regular classroom, divide the number of hours the student spends inside the regular classroom by the total number of hours in the school day (including lunch, recess, study periods). The result is then multiplied by 100.

SECTION A: For Students Educated in Regular School Buildings with Non Disabled Peers - Indicate the Percentage of time INSIDE the regular classroom for this student:

Time spent outside the regular classroom receiving services unrelated to the student's disability (e.g., time receiving ESL services) should be considered time inside the regular classroom. Educational time spent in age-appropriate community-based settings that include individuals with and without disabilities, such as college campuses or vocational sites, should be counted as time spent inside the regular classroom.

Calculation for this Student:

Column 1	Column 2	Calculation	Indicate Percentage	Percentage Category
Total hours the student spends in the regular classroom per day	Total hours in a typical school day (including lunch, recess & study periods)	(Hours inside regular classroom ÷ hours in school day) x 100 = % (Column 1 ÷ Column 2) x 100 = %	Section A: The percentage of time student spends inside the regular classroom:	Using the calculation result - select the appropriate percentage category
			_____ % of the day	<input type="checkbox"/> INSIDE the Regular Classroom 80% or More of the Day <input type="checkbox"/> INSIDE the Regular Classroom 79-40% of the Day <input type="checkbox"/> INSIDE the Regular Classroom Less Than 40% of the Day

SECTION B: This section required only for Students Educated OUTSIDE Regular School Buildings for more than 50% of the day - select and indicate the Name of School or Facility on the line corresponding with the appropriate selection: (If a student spends less than 50% of the day in one of these locations, the IEP team must do the calculation in Section A)
