

SENECA HIGHLANDS INTERMEDIATE UNIT NINE

Program of Services 2021 / 2022

*Providing educational programs and services for the schools of
Cameron, Elk, McKean and Potter Counties*

Introduction

The purpose of this booklet is to provide basic information about the programs and services of Seneca Highlands Intermediate Unit Nine.

The Intermediate Unit

The Intermediate Unit is a part of Pennsylvania's educational system. Established July 1, 1971, the Intermediate Units replaced the County Offices of Education. By legislation, all 500 school districts in Pennsylvania belong to one of the twenty-nine Intermediate Units.

About Intermediate Unit Nine

Intermediate Unit Nine is the Intermediate Unit in Pennsylvania which replaced the Offices of Education of Cameron, Elk, McKean and Potter Counties. It serves 11,720 public school students in fourteen school districts and 490 non-public school students in six schools. Intermediate Unit Nine covers an area of 3,300 square miles with a population of 85,817.

Location of Intermediate Unit Nine

The main office is located at 119 S. Mechanic Street in Smethport, Pennsylvania. There are also branch offices at 85 Clyde Lynch Drive in Port Allegany, 306 North Main Street in Coudersport, and 514 Market Street in Johnsonburg.

Purpose of the Intermediate Unit

The Intermediate Unit is an organization through which school districts can work cooperatively to provide services which they cannot afford or prefer not to offer individually. By providing certain services cooperatively, districts can avoid duplication of personnel, building space, instructional materials, and equipment. The Intermediate Unit also has been assigned responsibilities by the Legislature and by the Department of Education.

Financing the Intermediate Unit

The Intermediate Unit receives payment from the fourteen districts for services, and other federal and State funds.

Control of the Intermediate Unit

The Intermediate Unit is a local educational agency controlled locally. The policy-making body is a board of education which consists of fourteen members. To be a school director of the Intermediate Unit, one must be on the board of school directors of one of the constituent districts.

Ultimately, the fourteen school districts, by approving expenditures for services, determine the work of the Intermediate Unit. Intermediate Unit staff, who meet at least five times per year with an Advisory Council consisting of the fourteen district superintendents, develop and recommend services to school directors of districts and of the Intermediate Unit.

I. Services

General Operating Budget

A. Administration

The administration oversees and manages all programs of the Intermediate Unit. Working with the Board of Education, Superintendents' Advisory Council, and Program Directors, the administrators direct the total Intermediate Unit operation and staff in providing services in the four-county region.

The office of the Assistant to the Executive Director provides technical assistance to districts in the following areas:

- ◆ Contracted transportation services
- ◆ Workshops for school board members, administrators, and other non-teaching school personnel
- ◆ Training sessions for business managers on accounting and PIMS (PA Information Management System) reporting
- ◆ Liaison services for the IU9 Virtual Academy
- ◆ Participate in negotiations with Seneca Highlands Education Association and Seneca Highlands Career and Technical Center Education Association

The Assistant to the Executive Director administers the coordination of medical insurance premiums for all schools within IU9 through the Insurance Trust and Premium Stabilization Fund. This cost-plus financial arrangement with Highmark Blue Cross began in 1982 with approximately 2000 employees enrolled in Blue Cross and Blue Shield at an annual cost of \$810,000. Today, the Trust insures 1,436 employees enrolled in Blue Cross, Blue Shield, Major Medical, Prescription Drugs, and Dental Insurance at an annual expense of \$23,951,740.

c. Component III

(Instructional Support and Extended School Year Program {beyond 180 days} for severely disabled children)

Equitable Participation

Requires Intermediate Units to conduct special child find activities to locate those children eligible for special education who are attending private schools (placed by parents, not the local education agency), and provide benefits to them. A determination of the proportionate amount of federal funds to serve parentally-placed private school children eligible for special education will be calculated. Services are provided through direct and/or alternative programs which are mutually agreed upon by the Intermediate Unit and private school officials. The Component III budget includes \$22,154 for this purpose.

Budget

\$2,242,674

Personnel

1 Psychologist, Instructional Supervisor (10%), 2.75 Autistic Support teachers, 8 paraeducators (2 full time, 6 part-time), Secretary (50%), 1 Community-Based Vocational Coordinator, 3 Community-Based Vocational Assistants, (2 full time, 1 part-time), 1 CTC Learning Support teacher, 1 secretary, and staff to provide extended school year programs and services

3. Medical ACCESS

A medical assistance program through which school districts and Intermediate Units may request reimbursement for certain health-related services provided to early intervention and special education students. These services include occupational therapy, physical therapy, speech, hearing, nursing orientation and mobility, counseling, and personal care aide. To be eligible for reimbursement through ACCESS, a student must have a Medical Assistance card, parental consent to bill Medical Assistance, an Individualized Education Plan (IEP) which lists recommended health-related services, and verification by a medical practitioner that these services are necessary. Costs are then billed to a special Medical Assistance fund via Public Consulting Group (a contractor of the Pennsylvania Department of Education). Funds generated and placed in the IU Nine ACCESS account are used to reduce the cost of providing special education in school districts and State-funded Early Intervention. There are approximately 282 school-age students and 187 Early Intervention students currently enrolled in the program.
