Title IX Final Regulations Toolkit 2020

Dear School Administrators,

We are pleased to provide you with this toolkit that has been created to provide training information and sample documents based on the new Title IX Final Regulations issued by the Secretary for U.S. Department of Education. The new *Final Regulations* were issued on May 6, 2020 and have an effective date of *August 14, 2020*.

The sample documents included in this toolkit are not cumulative of all documents or notifications that a school entity may need in order to effectively implement the requirements as outlined in the *Final Regulations*. Importantly, the enclosed documents *supersede and replace* any prior versions of the documents provided in advance for your convenience, *including the Training Slide Deck and Template Title IX Policy and Administrative Procedures documents*. You are permitted to post the enclosed training information on your school's website as required by the U.S. Department of Education.

Also, please note that because the model documents represent examples, they are not certified documents. Therefore, any use or application of the sample documents should be reviewed with your local solicitor to ensure that they meet the individual needs of your school entity.

Our firm will continue to offer ongoing training and technical support in the future on Title IX and other related areas of discrimination and harassment.

Sincerely,

The Fox Rothschild Title IX Team
